Resolution Highlighting President Obama’s Economic Opportunity Agenda

WHEREAS, President Obama has made increasing economic opportunity a top priority for his Administration; and

WHEREAS, Democrats continue to work tirelessly to create opportunities through pro-jobs policies and education, assistance for hardworking families, raising wages, strengthening the bargaining power of working people and expanding access to health care for all Americans; and

WHEREAS, Democrats know that to build real, lasting economic security we need to keep building and expanding opportunity so every American can get ahead and have a shot at creating a better life for their kids; and

WHEREAS, President Obama supports making high-quality pre-K available so that when children start their education, they will be prepared for a future better than their parents had available to them; and

WHEREAS, President Obama has passed a wide range of tax relief for families and small business owners to drive economic growth; and

the Lilly Ledbetter Act to provide recourse for pay discrimination, and supports the Paycheck Fairness Act to bring us closer to equal pay for equal work; and

WHEREAS, there are still far too many families in America who struggle to make ends meet and it is still far too difficult for Americans working to get into the middle class;

THEREFORE BE IT RESOLVED that the DNC will continue to support President Obama as he leads us forward as he continues to work on his agenda toward economic opportunity.

**Resolution on the Continued Commitment of President Obama and Democrats to Pass Comprehensive Immigration Reform**

WHEREAS, it remains a top priority of President Obama and Democrats to fix our broken immigration system and create a system for the 21st century; and

WHEREAS, President Obama’s four main goals for comprehensive immigration reform are strengthening border security, streamlining legal immigration, providing people here a way to earn citizenship, and cracking down on employers who hire undocumented workers; and

WHEREAS, President Obama signed an executive order to give relief from deportation to undocumented youth (DREAMers); and

WHEREAS, President Obama is committed to immigration reform that includes a path to citizenship for the over 11 million undocumented immigrants living in this country, and

WHEREAS, President Obama has been clear that he will not accept changes to the immigration system that create two classes of people; and

WHEREAS, Republicans have used stall tactics to delay immigration reform and have not allowed a vote on a bipartisan immigration bill sitting on Speaker Boehner’s desk to the detriment of millions of immigrants and our economy;

**THEREFORE, BE IT RESOLVED,** the DNC supports President Obama and Congressional Democrats in their efforts to pass commonsense comprehensive immigration reform; and

**BE IT FURTHER RESOLVED,** that Democrats call on Republicans to join with us to fix our immigration system.

**Resolution on Promoting and Protecting Voting Rights**

**WHEREAS**, the right to vote is among the most precious and fundamental rights of American citizenship and principles of our democracy, which protects and preserves, without undue burdens and barriers, all other civil and political freedoms; and

**WHEREAS**, citizenship requires the vigorous defense of each person’s right to vote; and

**WHEREAS**, the integrity of our electoral process is critical to Americans’ confidence in the government and their leaders; and

**WHEREAS**, the administration of elections is a public trust and demands an unbiased and professional implementation; and

**WHEREAS**, America’s credibility at home and abroad as a champion of freedom and democracy depends on a clean and fair election system; and

**WHEREAS**, the Fourteenth Amendment to the United States Constitution guarantees “equal protection of the laws” to each American, and recognizes the importance of the right to vote via the Fifteenth, Nineteenth, Twenty-Fourth, and Twenty-Sixth Amendments, all of which work to prevent denial or abridgment of that right to American citizens; and

**WHEREAS**, the Voting Rights Act of 1965 ("the Voting Rights Act"), which prohibits voting practices or procedures that discriminate on the basis of race, color, or membership in a language minority group has been acknowledged as one of the most “consequential, efficacious, and amply justified exercises of federal legislative power in our Nation's history,” successfully
worked at “redressing racial discrimination and integrating the voting process” during the past 50 years; and

WHEREAS, though the Voting Rights Act “wrought dramatic changes in the realization of minority voting rights, the Act, to date, surely has not eliminated all vestiges of discrimination against the exercise of the franchise by minority citizens,” there continue to be “efforts to reduce the impact of minority votes . . . [which] are aptly described as ‘second-generation barriers’ to minority voting”; and

WHEREAS, we would define second-generation barriers to the ballot box include an ever growing number of restrictive voting laws such as requiring limited photo identification, proof of citizenship, increasing regulation of third party voter registration drives, and limiting early voting and same day registration opportunities; and

WHEREAS, such provisions continue to erect additional and unnecessary barriers to the voting booth and establish significant expenses and difficulties that effectively prevent millions of eligible voters from casting their rightful ballots; and

WHEREAS, a key provision of the Voting Rights Act focused on preventing the institution of voting laws that have a discriminatory effect was invalidated by the Supreme Court’s decision in the matter of Shelby County v. Holder, leaving citizens without one of the most effective tools that has ever been brought to bear against voting rights discrimination; and

WHEREAS, we betray our ideals when any American, regardless of where they live or their party, is denied their right to vote because they cannot wait in line for five, six or seven hours just to cast their ballot; and

WHEREAS, in order to improve the voting experience, the President announced the establishment of the Presidential Commission on Election Reform with the purpose to identify best practices and otherwise make recommendations to promote the efficient administration of elections in order to ensure that all eligible voters have the opportunity to cast their ballots without undue delay, and to improve the experience of voters facing other obstacles in casting their ballots; and

WHEREAS, the Presidential Commission released its report in January 2014 established standards for election administration and setting forth a list of common-sense recommendations for improving the voting experience, including: (i) increasing online voter registration; (ii) improving polling place location, design, and management; (iii) expanding early vote in all of its forms; (iv) reforming the poll worker recruitment and training process; and (v) making it easier for military and overseas voters to participate in the democratic process; and

WHEREAS, second-generation barriers to the ballot box and inefficient election administration combine to disproportionately and negatively affect the ability of women, the elderly, the young, working families, people of color, and people with disabilities to exercise their right to vote;
THEREFORE BE IT RESOLVED, that the Democratic National Committee affirms its commitment to increasing participation in the electoral process and to ensuring that all eligible Americans are able to easily participate in open, free, and fair elections; and

BE IT FURTHER RESOLVED, that the Democratic National Committee will engage in efforts to empower and educate voters so that they are able to make their voices heard in the American political process; and

BE IT FURTHER RESOLVED, that the Democratic National Committee supports the restoration of a high level of protection for these important rights through a renewed commitment to the Voting Rights Act; and

BE IT FURTHER RESOLVED, that the Democratic National Committee will fully support the establishment of professional standards for election administration and implementation of the recommendations contained in The American Voting Experience: Report and Recommendations of the Presidential Commission on Election Administration, including, without limitation, the standard that no citizen be forced to wait in line for more than thirty minutes in order to vote; and

BE IT FURTHER RESOLVED, that the Democratic National Committee will call on legislators, Governors, Secretaries of State, and election officials across the country to advance measures that will protect the right of all eligible citizens to vote, support measures to expand and increase access to the ballot box, and combat laws making it more difficult for eligible Americans to cast their rightful ballots.

Resolution Marking the 50th Anniversary of the War on Poverty and in Support of Ending Poverty and Addressing Income Inequality

WHEREAS, January 8, 2014 marked the 50th Anniversary of President Lyndon B. Johnson’s declaration of an unconditional War on Poverty, stating, “This administration today, here and now, declares unconditional war on poverty in America. … It will not be a short or easy struggle, no single weapon or strategy will suffice, but we shall not rest until that war is won. The richest nation on earth can afford to win it. We cannot afford to lose it;” and

WHEREAS, President Johnson created vital programs such as Medicare, Medicaid, Head Start, Job Corps, nutrition assistance (now known as SNAP), Pell Grants and many others, which have lifted millions of American families out of poverty; and

WHEREAS, a result of these critical safety net initiatives, poverty has fallen significantly over the past 50 years; the poverty rate has been cut by nearly half of what it could be without the programs; and 41 million Americans were kept out of poverty in 2012; and

WHEREAS, with approximately 46.5 million Americans, including 16 million children, living in poverty, there is a great deal of work to be done; and

WHEREAS, poverty disproportionately impacts communities of color: the rate of poverty among African Americans is 27.2%; 25.6% among Hispanics; 11.7% among Asian Americans; and 27% for American Indians and Alaska Natives; and
WHEREAS, President Obama delivered remarks on economic mobility on December 4, 2013 where he noted today’s CEO now makes 273 times more than the average worker; and a family in the top 1 percent has a net worth 288 times higher than the typical family; and

WHEREAS, Democrats believe poverty, income inequality and economic opportunity for all Americans to reach the middle class are among the defining issues of our time.

THEREFORE BE IT RESOLVED that the Democratic National Committee (DNC) applauds President Johnson’s declaration of an “unconditional war” on poverty and commends its success in significantly reducing poverty; and

BE IT FURTHER RESOLVED that the DNC supports efforts to address income inequality and increase economic opportunity, and that Democrats at all levels will continue to work on national strategic efforts to cut poverty in half over the next 10 years.

Resolution Supporting a Woman’s Economic Agenda Because “When Women Succeed America Succeeds”

WHEREAS, as President Obama said in his State of the Union address, “women make up about half our workforce, but they still make 77 cents for every dollar a man earns. That is wrong, and in 2014, it's an embarrassment. Women deserve equal pay for equal work. She deserves to have a baby without sacrificing her job. A mother deserves a day off to care for a sick child or a sick parent without running into hardship. And you know what, a father does, too. It is time to do away with workplace policies that belong in a "Mad Men" episode. This year, let's all come together - Congress, the White House, businesses from Wall Street to Main Street - to give every woman the opportunity she deserves. Because I believe when women succeed, America succeeds!” and

WHEREAS, Americans agree that no one who works full-time should ever have to raise a family in poverty, that our daughters should have the same opportunities as our sons, and that we all should have the opportunity to succeed based on our efforts, regardless of race, gender, sexual
orientation or identity, nationality, religion, disability or circumstance of birth; Democrats are united in advancing equality of opportunity and in rejecting the troubling wave of GOP state and federal legislative efforts such as Arizona’s SB 1062 to enshrine discrimination; and

WHEREAS, Democrats in the United States House and Senate have introduced the Women’s Economic Agenda premised on the three legged stool of fair pay, paid family leave, and quality childcare that will leave those “Mad Men” workplace policies on the dustbin of history, and move America forward with an agenda to, as House Democratic Leader Nancy Pelosi says, “unleash the power of women;”

THEREFORE BE IT RESOLVED that the Democratic National Committee urges Congress to pass the key elements of the Women Succeed agenda – fair pay, paid family leave, and quality childcare – to empower all America families; and

BE IT FURTHER RESOLVED that the Democratic National Committee encourage Americans to tell and share their stories and advocate for a women’s economic agenda because when women succeed, America succeeds; and

BE IT FURTHER RESOLVED that the Democratic National Committee embraces federal state and local efforts to strengthen workplace fairness, raise the minimum wage to a living wage, expand paid sick days, and advance universal pre-K so that all Americans have the equality of opportunity to reach our fullest economic and human potential.

Resolution Honoring Black History Month

WHEREAS, Carter G. Woodson, noted Black scholar, historian, and son of former slaves, founded the Association for the Study of Negro Life and History in 1915, which was later renamed the Association for the Study of African American Life and History; and

WHEREAS, Dr. Woodson initiated Black History Week on February 12, 1926, which was celebrated by Black people in the United States during the 2nd week of February (chosen so as to coincide with the birthdays of Frederick Douglass and Abraham Lincoln) for many years; and

WHEREAS, in 1976, as part of the nation’s Bicentennial, Black History Month was officially recognized by the U.S. government and is now celebrated all over North America; and

WHEREAS, Black History Month gives us an opportunity to honor the many contributions African Americans have made to our nation; and

WHEREAS, African Americans have charted a courageous path in our country fighting for equality and freedom both for their rights and the rights of others; and

WHEREAS, the story of hard-won progress, which defines the African-American experience, is one that inspires and gives hope to all Americans still fighting for full equality; and

WHEREAS, Black History Month is a time for all Americans to remember and honor those who fought to put an end to injustice from slavery, who fought institutionalized segregation, and continue to fight the inequalities that still exist today; and

WHEREAS, Democrats honor the brave Americans who stood up to racism and violence to register their neighbors to vote, to make sure their children were receiving the best education, to
make sure the color of your skin could not determine where you could sit on a bus or in a restaurant, and to make sure all of our children have the same shot at the American dream; and

WHEREAS, Black History Month gives us the opportunity to reflect on how much more we can do to help honor the legacy of those who fought for the rights of all by ensuring that every child in America has an equal opportunity to succeed; and

WHEREAS, Democrats work every day to ensure that, regardless of race or the zip code a person is born in, they have equal access to affordable health care, housing, voting, and a quality education; and

WHEREAS, the African American community is disproportionately affected by unemployment and President Obama and Democrats are fighting to raise the federal minimum wage to a fair wage; and

WHEREAS, Republicans in Congress blocked the reauthorization of unemployment benefits and continually propose policies to take away affordable health care from millions, oppose raising the minimum wage, want to make it harder to vote, and cut funding from necessary education programs;

THEREFORE BE IT RESOLVED, that the Democratic Party at all levels (national, state, and local) recognize and honor African Americans for their leadership in helping to end slavery; their historic contributions in preserving the Union; and their continuing service and sacrifice to our government and our nation; and

BE IT FURTHER RESOLVED, that the Democratic National Committee in respect of the contributions of the African American community and the investments they have made to our Party, shall continue to work with Democratic leaders in the U.S. House, U.S. Senate, Democratic Governors and other state and local officials to expand the participation of all minorities and other historically under-represented groups in the political process.

**Resolution Honoring Women’s History Month and Democrats’ Commitment to Protecting Women’s Rights**

WHEREAS, March 1st marks the first day of Women’s History Month; and

WHEREAS, President Obama and Democrats support the Paycheck Fairness Act that would address the gender gap and help to ensure that no woman is paid less than her male counterparts; and

WHEREAS, the President and Democrats will continue to stand up for the rights laid out in Roe v. Wade; and

WHEREAS, Republicans continue to attempt to put politicians in charge of health care decisions instead of a woman and her doctor; and

THEREFORE BE IT RESOLVED, that the Democratic National Committee recognizes Women’s History Month and the women that are integral to the strength of our party; and
